PORTABLE BATTERY MANAGEMENT SYSTEM

- Compatible with all Geospace battery types, and supported competitors’ battery types
- Shows charging progress both numerically and graphically
- Portable rolling case
- Tracks individual battery units’ health & status by serial number
- Keeps a database of battery history
- Performs battery capacity test
**PORTABLE BATTERY MANAGEMENT SYSTEM**

- Recognizes all Geospace battery types, plus supported competitors’ battery types.
- Charge to 30% for shipping, 60% for storage, or 100% for deployment.
- Measured battery voltage.
- Shows progress numerically & graphically.
- Capacity Test plus recharge to 30%, 60%, or 100%.

---
